Reference: Letter of Recommendation for Miss Oliwia Marczuk

Dear Sir/Madam:

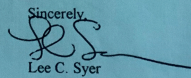

I am writing on behalf of Miss Oliwia Marczuk. I have known Oliwia for the past two years here at Littlerock High School. I teach ChemCom, Chemistry, and G.A.T.E., and have had Oliwia in my college preparatory Chemistry class last year as a Freshman, and as a participant in my G.A.T.E. class both years.

Oliwia is a very special person. Besides her outstanding academic efforts, she is involved in many aspects of school life. I have watched her grow in the past two years here at Littlerock, where she has developed from a new unsure exchange student in the 9th grade into a confident and mature young lady in the 10th grade. She has unending determination and curiosity, and she will never say quit. She is one of the most intelligent and quick young people I have ever met. I can recommend Oliwia without reservation. She is one of the finest students I have taught in my 12 years of teaching, and will be a welcome addition to any school or class. Oliwia has attended G.A.T.E. regularly this year, and has participated in all events including a camping trip to Death Valley. She proved herself in violent storm the night we arrived, as her tent blew down, and with little complaining she moved to one of the vans and continued her camping trip. She was helpful and was a fine addition to the trip.

Looking into Oliwia's grades I have checked and as of first quarter of this year, she was first in a class of 736. She maintains a grade point average of 4.0 while pursuing a very active extra curricular schedule, including an Advanced Placement Course in U.S. History. She is involved in the G.A.T.E. Program, and the Art Club during her Freshman year. Oliwia is in the California Scholarship Federation this year, as well as Academic Decathlon (where she won the award in the Interview category). She has received the highest honors in the Physics and Chemistry classes taken as a Freshman; She earned the "Queen of the Elements" Award in her Freshman year, and took top honors in my college prep Chemistry classes out of 90 plus students. Along with all of her academic achievement, Oliwia has been involved in the History Club as President, Marching Band, Science Club, and Key Club and soccer. I find that she does an extremely conscientious job at all of her activities, and has never let me down in any respect. I find Oliwia to be a very social and mature young lady for her age. She interacts on a very mature level with adults, and can do the same with her peers. Oliwia is very independent minded, but is a pleasure to work with.

I feel that Oliwia will be a great addition to any program that is lucky enough to get her. I am sure she will do an outstanding job. It has been a pleasure to know Oliwia Marczuk.

Please feel free to call me if there are any further questions:

Sincerely,  
  
Lee C. Syer
